

# Minnesota House of Representatives

April 15, 2016

President David Anderson  
St. Olaf College  
1520 St. Olaf Ave  
Northfield, MN 55057

Dear President Anderson,

Last fall, at the invitation of students, Representative David Bly and I visited St. Olaf College for a discussion of affirmative consent legislation. As is the case with every campus visit, students shared how important it is that the College have a consent policy, backed by law. At the time of our meeting, students were concerned with the lack of progress on a strong consent policy, but they were committed to continue working with the administration.

Now, months later, they have reached out to us, seeking assistance in pursuit of their safety on campus. They have asked that we join them in a meeting with the administration to advance solutions to the issues they raise.

We respectfully request a meeting and would be happy to work with you and student leaders to find a mutually agreeable meeting date. We look forward to discussing this further and thank you for your attention to this important matter.

Sincerely,
